Spring 2022

PR HOME
lights up your day

Warm colors, round shapes & natural tones

For the spring, we see very warm inviting environments for every-day life. A flexible home, which you spend a lot of time in. We have learned to spend more time outdoors and many of us now want to extend the home out into the garden. Outdoors is becoming more important. Natural material, round shapes in combination with edgy shapes. Pale, warm colors that go well with natural tones.
